Employee matching information: _____

We want the fund to live in perpetuity and continue to grow in the hopes that someday we can scholar the majority of the chapter's members. The fund's principle is never to be spent. The goal of the fund is to provide scholarships to Lambda Chi's for their educational expenses at USF (University of South Florida). The amount to be given out is ½ of the interest earned on the principle with the other ½ of the interest being placed back into the account's principle. Scholarships are to be awarded to Lambda Chi Alphas at USF, the legal dependents of Lambda Chi Alpha alumnus from USF, and then Lambda Chi's within the state of Florida. The Foundation is to report my donation to the Lambda Mu stewards of the fund.

Signature: _____ Date: _____
